

Receive free Debit/ATM transactions!

ALL transactions at a Truliant ATM machine will have no fees associated for Truliant members.

ALL point of sale debit card transactions (WalMart, gas station, grocery store, etc) will have no fees associated with that transaction, whether you get cash back or not. This is regardless of what other services you have with Truliant.

For **free non-Truliant ATM** transactions, you will need the following:

- Checking account
- Direct Deposit – or the minimum of \$400 deposited monthly
- Active Debit or Credit Card. This is defined as using your Truliant Debit or VISA card at a merchant at least one time per month. Transaction can be a credit or debit at the merchant.
- Active Online Banking **OR** Active RSVP (phone teller). This is defined as using Online Banking or RSVP at least once in 3 months.

This will allow 6 free transactions of this type. After the 6th transaction, a \$1.00 fee will be charged per transaction. If you do not have the services listed above, all non-Truliant ATM transactions will be charged the \$1.00 fee.
